Press release

The 2nd edition of the International Exhibition of Products and Services for Mines and Quarries, **MICA 2017** was held from 26 to 28 September 2017 in Algiers (Safex, Pins Maritimes). Organized by Symbiose-Communication-Environment, the event brought together all actors of the mining sector. It was inaugurated by Mr. Ahmed Bekhouche, Adviser to and Representative of the Minister of Industry and Mines, in the presence of Mr. Djamel Khelouf, Chairman of Manal Group, accompanied by the Chief Executive Officers of Public Companies under Manal Group. More than 35 exhibitors and nearly 1500 visitors participated in the 3-days Exhibition. A forum on the potential and prospects of the mining and quarrying sector was organized on the sidelines of the exhibition.

The public authorities have launched major phosphate, iron ore, base metal, gold and other mineral development activities through valuing existing projects (GaraDjebilet iron deposit and Bejaia zinc deposit) and the creation of new facilities (new Maghnia bentonite production units, start of production at the Draissa (Béchar) baryte deposit and the construction of two new marble works in Skikda and Sig).

All these projects will surely double the turnover of the mining sector to reach 40 billion dinars and also reduce the import bill, in such sectors where the country has a real potential like calcium carbonate, bentonite, barite, marble and granite.

MICA Exhibition, a Forum for exchange!

The International Exhibition of Products and Services for Mines and Quarries, aims to be a key event for professionals in the sector and an opportunity for experience sharing and partnership building.

The event also features a technical conference program led by experts.

OUR EXHIBITIONS

SIEE Pollutec
ALGERIE

International exhibition of water equipments, technologies and services

ALGERIA
INFRASTRUCTURE

International exhibition of Transport, Logistics and Mobility

OGEX
OIL AND GAS EXHIBITION

International Exhibition on Oil, Gas and Petrochemistry

CIEE
2015

International Conference on Energy and Environment

Conference Program

Tuesday, September 26, 2017

Session chaired by Professor Mohamed Bounouala

14:00 - 16:00:

Synergy between Mining, Development and the Environment:

- Brief presentation on the mining sector
Representative of the General Directorate of Mines, DGM / Ministry of Industry and Mines
- Food salt marketing in Algeria (background and challenges)
Mr. Meghlaoui Nabil, Chief Executive Officer - ENASEL
- Mining and sustainable development
Professor Djoudi Merabet

Wednesday 27 September 2017

Session chaired by Professor Djoudi Merabet

10:30 – 11:30:

Panorama on the valorization of minerals

- Presentation on the valorization of ores (phosphate, etc.)
Professor Abdenacer Bezzi, University of Bejaia
- Round table on the valorization of mineral substances

11:30 – 12:30:

Panorama on iron ores

- Valorization of Iron Resources - Process Modeling from Qemscan Analyzes
Mr. Thomas Wallmach, Senior Scientist, ERAMET Research
- Paramagnetic iron ores between quality requirements and optimization of Valorization systems
Professor Mohamed Bounouala, University of Annaba

12 :30 – 13 :30 : Discussion

14:00 – 15:30:

Synergy between training and the mining sector

- Presentation of the Algerian Institute of Mines (IAM)
Mr. Bellal, IAM Director General
- Presentation of of the El Abed School of Mines
Mr. Mekarzia, Director of the El Abed School of Mines
- Workshop on Mining Training

15:30 – 16:30: General discussion
