Touted as the biggest expo of its kind in the Philippines, PHILCONSTRUCT has been defining the landscape of building and construction in the country for over two decades. It now serves as the annual meeting place for the industry's movers and shakers, gathering hundreds of the leading suppliers and thousands of trade buyers in one venue. The event is organized by the Philippine Construction Association, Inc. (PCA), the leading organization in building and construction whose members are responsible for over 70% of all construction projects in the country.
